

Workshop on 21st Century Learning for Engaging Millennials in Higher Education

10-11 November 2017, 8.00 am – 5.00 pm
Universiti Teknologi Malaysia, Kuala Lumpur

Limited seats available!

Coordinators

Prof. Dr. Khairiyah Mohd Yusof,
Director, Centre for Engineering
Education (CEE), Universiti
Teknologi Malaysia

Dr. Syed Ahmad Helmi Syed
Hassan, Centre for Engineering
Education (CEE), Universiti
Teknologi Malaysia

Dr. M. Tazli Azizan, Head Center
for Teaching & Learning (CETaL),
Universiti Teknologi PETRONAS

Synopsis of Workshop

This workshop is specifically designed for trainers and academics to design and implement an effective 21st Century learning environment using various simple techniques in a systematic and scholarly approach to engage and support students in learning to develop the required skills and attitudes. Participants will also be introduced to the possibility of expanding innovative teaching and learning innovations into scholarly pursuits that can lead to research and publication to promote the knowledge and inspire others. The knowledge imparted in this workshop is crucial for supporting students in attaining more complex skills, such as life-long learning and problem solving, that are crucial for survival in the 4th Industrial Revolution. This workshop has been conducted in numerous institutions of higher learning throughout Malaysia, and in various countries throughout the world such as Korea, India, China, Pakistan, Afghanistan (under a World Bank project) and Colombia.

For more information on the workshop, please visit <http://www.weef2017.org/event-forum-workshop.php>.

Registration Fees

US\$50 (WEEF participants), US\$100 (non-WEEF participants).
